CHRISTMAS
1936
WE look back on the year 1936 with satisfaction. We have added to the number of our shops; we have added to the number of our customers, but what pleases us most is that those who dealt with us once came again and are still coming.

Price, Quality, Service, are three things that influence you in choice of a shop. Realising this, we aim at the lowest prices; we supply goods only of the best quality; and our service is as efficient as we can make it: cheerful, honest and prompt.

We do not mind adding that we find honesty in business an extraordinarily good policy. It pays us and it pays the man on the other side of the counter.

The confidence engendered by honest service explains why it is that many careful housewives pay us the compliment of ordering their supplies by telephone. They know that our prices are fixed, and that we recognise the importance of giving just what is ordered.

'Though we prefer to meet our customers, and 'though a careful buyer naturally prefers to see what he is buying, it will often happen that a customer finds himself faced with the necessity of getting supplies at the last moment. In such case the 'phone is a blessing.

How to Order from us by 'Phone

Ring up 45185 and ask to be put in connection with branch of BACON SHOPS nearest to your residence. Your order will be attended to as promptly and as satisfactorily as if you yourself chose the goods. A Uniformed Messenger will deliver your order C.O.D.

Telephone orders carry with them the same right to Coupons as orders given in the shop.

WE SELL ONLY THE BEST BECAUSE IT PAYS US BETTER.

Happiness.

You are one of the only group of creatures on the earth that can work the miracle of happiness. Feel glad. Start at once your laboratory of happiness.

Happiness is not something that happens. You cannot marry happiness; you cannot buy it with gold. It is a finer thing to be happy than to have wealth.

The miracle of happiness comes from believing all things are possible within you. Believe in yourself and you can make your desert of life blossom with happiness.

Faith is a star, a sun, a radiance, a miracle of power, that is why work and faith give happiness.

Express happiness and you will attract it. The more you give out, the more comes back. Your happiness is not in the hands of others, it is in you.

Happiness is thought created. By thought you invoke, evolve, produce happiness.—"The New Zealand Bakers' and Grocers' Review."

The Christmas Turkey and Goose

Preparing the Turkey

BACON SHOPS will show you a splendid selection of finest birds at Lowest Prices.

When choosing the Turkey, a nice bird will have short spurs, smooth black legs, the eyes would be firm and bright.

Before trussing fowl, draw the sinews. To do this break the leg bones close to the feet; draw the sinews one by one.

Having removed the entrails, dry the inside thoroughly, keeping the liver, gizzard, legs and neck for the Giblet Soup.

To skewer, press the legs close to the body, and skewer at first and second joints; the bird is now ready for stuffing.

Turkeys may be had at Bacon Shops in great variety. You may depend on us to supply your turkey at the lowest possible price.

ROAST TURKEY

Stuff crop with forcemeat and body with chestnut stuffing.

Truss the bird as directed, place on breast 4 fat slices of bacon, and wrap turkey in greased paper before placing in hot oven. A 10-lb. bird will take 2 hours to roast. Before finishing the roasting, remove bacon and paper, so as to brown breast. Baste frequently. Serve with brown gravy, bread sauce and cranberry sauce.

BOILED TURKEY

Prepare and truss the bird as directed for roast turkey, using sausage meat for stuffing. Wrap the bird in well greased paper, and put in pot containing as much boiling stock or water as will cover it. When boiling, add 2 onions, 2 carrots, cut in large pieces and bouquet garni (in muslin bag). Salt. Cook bird about 10 lbs. weight for 2 hours — simmer gently.

To serve, place bird on dish—surround with vegetables and forcemeat balls (made as forcemeat stuffing). Pour celery sauce over breast.

ROAST GOOSE

Prepare goose as you would turkey; keep the neck, legs, liver and gizzard for giblet soup. When trussed stuff with sage and onion stuffing.

Place these and all remaining varieties of fruit in a glass dish, add maraschino and some of the juice from the tinned fruit.

It improves the salad to make some hours before required.

Serve with it (separately) whipped cream sweetened, to which a drop or two of vanilla flavouring has been added.

Method.—Put in saucepan, water with rind of lemon, boil for 10 minutes, strain, and add to cornflour blended with the juice of the lemons. Return to saucepan and boil for 15 minutes, add sugar, take from the boil and leave to cool a little, add yolks of eggs well beaten. Now put mixture into bowl and when very nearly cold add beaten whites (stiff) of eggs. Turn into wet mould, serve with cream.

CHOCOLATE PUDDING

3 oz. butter or margarine, 4 oz. castor sugar, 3 eggs, 4 oz. flour, 1 teaspoon baking powder, 2 oz. chocolate powder, 1 teaspoon vanilla essence.

Method.—Beat the butter and sugar together, adding the yolks of the eggs one at a time, sift in the flour, baking powder, chocolate powder and vanilla essence, and add the white of the eggs and whip stiffly. Pour into a greased mould, cover with greased paper and bake 1½ hours. Same pudding may be made without chocolate. Flavour with rind of lemon and juice.
THE CARE OF FURNITURE

There is a marked difference between well cared Furniture and Furniture which is seldom or never oiled or polished with a good Furniture Cream.

Mahogany or Oak, loses its natural oil through the heat of rooms, dampness, etc. When it becomes dry or loses its appearance, plenty of Linseed Oil should be rubbed into it, and allowed to soak. If the condition is bad, this process must be repeated. Following this, the furniture should be all carefully gone over with a good Furniture Cream and afterwards well polished. Daily polish with a soft cloth, but use Furniture Cream only weekly. The adoption of this simple method will make your furniture look well-kept, thereby improving the general appearance of the house.

WOOD WORM.

In bye-gone days some of the rarest specimens of period furniture were frequently rendered valueless, because of the damage which followed the spreading of the Wood Worm.

The frequent use of a good Furniture Cream, such as SCIENCE, did much to keep the worm in check, and prevent its spreading, but no cure or guaranteed preventative was known. Housewives, and even dealers, were heard lamenting the fact that there was no alternative but to destroy affected furniture. Immediately traces of the worm were seen, the affected furniture was removed and destroyed. Otherwise it happened (as in a certain Irish Castle, the furniture of which was recently sold by auction) one piece after another became affected, until finally it crumbled away and became useless.

We are now pleased to announce that the foregoing procedure is no longer necessary.

WOOD WORM ERADICATOR.

We have found an excellent preparation, which will eradicate the worm, after an application or two. The directions for use are simple: Brush the Worm Eradicator into the worm holes and repeat in twenty-four hours. Then fill the holes with Plastic Wood or Soap. There should be no recurrence of the pest, especially if the furniture has been treated when the worm is showing signs of life, and the furniture is giving off the dust associated with that condition. But if any recurrence is observed, it is only necessary to repeat the process to ensure complete eradication of the trouble.

Sold in bottles with Brush, ready for use, 5/- each at all Branches of BACON SHOPS.

Jams and Preserves

PLUM JAM

5 lbs. sugar, 7 lbs. plums.

Method.—Sprinkle the fruit with the sugar and allow to stand overnight. Then place in the preserving pan, boil, skim, and remove the stones as they float to the top. It improves the jam, if a few of the plums are stoned before putting in, and kernels added to the juice before the jam is ready. If plums are slit before putting in the preserving pan, the stones can more readily be removed in the cooking. If the fruit is sour, use equal quantities of fruit and sugar. Pot and cover while hot.

LEMON MARMALADE or GRAPE FRUIT JAM

3 lbs. lemons, 3½ pints water.

Method.—Choose smooth lemons. Wash and dry fruit. Remove the peel thinly and shred fruit finely. Boil the shredded rind steadily for 40 minutes in rather more than one pint of water. Remove all the pith from the pulp, and cut up the latter finely. Put the pulp into the preserving pan with the remainder of the water. Bring to boiling point, then boil steadily for 1½ hours, stirring constantly. Strain through muslin. To the liquid add the shredded rind with the liquid in which it has been boiled. Measure liquid, and to each pint allow 1½ lbs. sugar. Allow the sugar to dissolve in the liquid, before boiling point is reached, then boil for 30 minutes, or until the marmalade sets when a little is tested on a cold plate. Skim, pot and cover while hot.

BLACKBERRY JELLY

6 lbs. blackberries, 1 lb. sugar, ½ pint water.

Method.—Put above into the preserving pan. Stand the pan at the back of the stove in a gentle heat, to extract juice. When all the juice has been extracted, put into a jelly bag, supported across a stand or up-turned chair, and let drip into a bowl below until all the juice has been dripped through. Return the juice to the preserving pan, allowing 3 lbs. sugar to every pint. Add the sugar and bring to the boil, stirring constantly. Boil until the jelly sets, when a little is tested on the cold plate, which should be about 20 minutes. Pot and cover while hot.

VEGETABLE MARROW JAM

6 lbs. marrow, 3 lbs. sugar, 2 ozs. whole ginger, Pinch of Cayenne.

Method.—Cut the peeled marrow into small pieces. Remove seeds. Put into an earthenware bowl with the sugar, and leave overnight. Place in preserving pan. Add whole ginger and cayenne, the rind of the lemons, tied loosely in muslin, and the strained juice of lemons. Bring to the boil. Simmer gently for about 1½ hours, or until a little of the preserve tested on a cold plate will set. Skim, pot and cover while hot.

PINEAPPLE and APRICOT JAM

1 tin pineapple chunks, 1 lb. dried apricots, 4½ lbs. sugar.

Method.—Wash the apricots, then soak them in three gills of water for two days. Add the syrup from pineapples and boil for half-an-hour. Then add the sugar and pineapple chunks (cut into small pieces). Boil all together for a further half-an-hour, skimming at frequent intervals. Pot and cover while hot.

ORANGE MARMALADE

5 oranges, 1 lemon, 3 pints cold water, 3 lbs. sugar to each pint of water.

Method.—Slice oranges thinly. Remove pips and put rind and pulp into a basin with water and leave for 12 hours. Next day simmer in pan for one hour. Leave 12 hours. To each pint of water allow 3 lbs. sugar. Return fruit to pan, bring to boil, add sugar, stir. Boil until marmalade jellies. Skim, and pot while hot.

APRICOT JAM

2 lbs. dried apricots, 6 lbs. preserving sugar, 6 pints water, The Juice of 3 lemons, ½ lb. almonds, bleached.

Method.—Wash the fruit, changing the water several times. Steep in 6 pints of water for 24 hours. Put in preserving pan and boil for 20 minutes. Add sugar and boil for ¾ of an hour. Skim. Add lemon juice and almonds. Pot and cover while hot.

"MONOPOLY" MAY ALSO BE HAD FOR 80 COUPONS.
**HOUSEHOLD HINTS**

**CHEESE.**
To keep Cheese fresh and sweet, wrap in a cheese cloth moistened with Vinegar.

**LEMONS.**
To get the fullest quantity of juice from a Lemon, heat it before squeezing.

**KEEPING YEAST.**
Press Yeast into a hard lump and place in an air-tight jar. Keep in a cool place. With this method, Yeast will keep a fortnight.

**OLIVE OIL.**
Olive Oil has many household uses. Cutlets and Steaks are greatly improved if they are soaked in pure Olive Oil for an hour or two before they are cooked. The toughest Meat is made tender in this way, and the flavour greatly improved.

**ONIONS.**
Onions will not cause discomfort in peeling if they are placed beforehand in a pan and boiling water is poured over them. Take out and peel immediately afterwards.

**REMOVING RUST.**
If Iron and Steel articles are wiped with woollen rag dipped in Oil of Tartar, all dirt and rust will be removed, and the articles can be cleaned in the usual way.

**MOTHS.**
To keep Woollens free from Moths place a little Epsom Salts among them.

**BURST PIPES.**
A Burst Pipe is easily stopped by the use of Plashcine (which is non-poisonous). Press the clay into the crack in sufficient quantities to stop the flow, then smear a fair quantity of Plashcine over and bind with a strip of Calico, but not too tightly.

**A GOOD FLOOR POLISH.**
Mix equal parts of Turpentine and Linseed Oil with half as much of Vinegar and Methylated Spirits. Put the four ingredients into a bottle and shake well before using. Apply to Stained Floors with Flannel and polish in usual way with a Floor Brush.

**TO CLEAN WHITE MACINTOSH.**
Cut up 2 ozs. of BACON SHOPS Soap and boil it in a little water, until it is dissolved. Then let it cool a little and stir in ½ oz. Powdered Magnesia. Roll it in a ball and let it harden. Wash the Macintosh with this Soap, using a Nail Brush for the soiled parts. Rinse off the dirty soap, and dry with a clean cloth.

**TO KEEP LETTUCE FRESH.**
To keep Lettuce and Parsley fresh for a week put, when fresh, in an air-tight jar, with a Lemon.

**TO CLEAN WHITE MARBLE.**
Use a little Paraffin in water and scrub with Monkey Soap.

**TO DRY WET SHOES.**
Pack with pieces of Newspaper. In this way, they will dry quicker and keep their shape.

**WASHING NEW WOOLLENS.**
Soak in lather made from our quality Soap, with a little piece of Washing Soda. This takes the oil out of the wool, and the garment takes the lather evenly. Rinse in the usual way.

**TO CLEAN BRASSES.**
Use Newspapers for polishing. It does save the washing of those dirty dusters.

WE BUILT OUR NAME ON QUALITY AND SERVICE.
By the time this list appears we hope to have another Branch at 43 MARY STREET. This we trust will prove a convenience, not only to our present clients, but to a large number who have up to now been unable to deal with us.

The VALUE, SERVICE and COURTESY which is the characteristic of BACON SHOPS may be depended upon at the MARY ST. BRANCH. You are invited to try it for yourself.

BACON SHOPS LTD., 7 LOWER CAMDEN STREET, DUBLIN

Mr. JOSEPH GANNON, B.E., B.Sc., M.I.C.E.I., was responsible for the design and excellently planned interior.

A FIRM WITH A POLICY.

The above is yet another branch which has been added to the chain of Stores known as BACON SHOPS LTD. The progress of this firm has been a remarkable one, and is primarily due to the Quality, Service, and Price of their goods, which has resulted in an ever increasing number of satisfied customers.

In addition to good value, the firm offers the choice of cash or a wonderful range of gifts in exchange for their coupons. This system tempts customers to deal again and again, and since they encourage cash purchases, BACON SHOPS are in a position to sell cheaply, book-keeping being dispensed with; and buy cheaply since they can use their capital to pay cash for their purchases.

Their latest shop, depicted above, is an excellent example of modern shop-fitting. The base is of Galway Black and the facia is carried out in Roman stone. The Bacon window is fitted with non-reflecting glass, in keeping with the modern trend in windows. Mr. M. Ridge, Islandbridge, was the Contractor, and Mr. P. Lynch, Hawkins Street, was responsible for the Electric Fittings and Neon Sign, etc.

For over half a century FRUITFIELD PRODUCTS have been the household word in many thousands of homes. Their consistent high quality has made them the choice of all critical housewives. And this high quality is due to two simple facts—long years of experience and tradition in the manufacture of Table Delicacies and the use of only the finest ingredients.

The Fruitfield Fruit Farms and Orchards today extend over hundreds of acres and give employment in the Fruit season to more than 500 workers. In this our fiftieth year of fruit growing and preserving we wish to convey to our customers sincere thanks for the support which has helped this Irish enterprise to the pinnacle of success.
