General Information
Welcome to DIT!

I am delighted that you have chosen to join Dublin Institute of Technology and I hope that you will enjoy furthering your career with us at a particularly exciting time in our development.

With its origins dating back to 1887 and the foundation of technical education in Ireland, DIT is now one of the largest institutions of higher education in Ireland. We are both multi-disciplinary and multi-level, offering a wide range of programmes at levels from apprenticeship to PhD. You have joined a vibrant and energetic organisation, with an exciting future.

In a short time, that future will see DIT move from our existing campus locations around Dublin city to a single, state-of-the-art campus in the heart of the inner city at Grangegorman. This purpose-built urban campus is being developed to accommodate a range of disciplines and activities from arts to enterprise, from technology to tourism. It will enable us to realise a vision for how learning and teaching in the 21st century can best be advanced, and to deliver the best possible experience to a new generation of students. I would urge you, as a new colleague, to contribute to the ongoing consultation process that is shaping this vision.

DIT is a large and complex organisation and we all rely on the excellence and professionalism of our colleagues to succeed. I believe that the more interaction that takes place between colleagues, the more we can achieve together. We have a comprehensive Staff Development programme which offers many opportunities for you to work with your peers in further developing your professional skills. I would encourage you to explore what is available and in particular to participate in essential training in the important area of Health and Safety.

I would also urge you to participate in the many other aspects of life in DIT. The weekly online newsletter, Update, and the DIT website will keep you up to date with events and I hope to meet you at some of these during the course of the year.

You are most welcome to DIT and I wish you every success.

Professor Brian Norton
President

The Office of the President is located on the DIT Aungier Street campus.

General Information

A Brief Introduction to DIT

Background
Dublin Institute of Technology is both a very modern institution and one with a long history. Its origins lie in the development of technical education in Dublin in the late 19th century. Over 120 years later, it has gained an excellent reputation as one of Ireland's leading institutions of higher education, with particular strengths in disciplines such as science and technology, engineering and the built environment, performing arts and media, business and finance, social sciences and law, tourism and food.

DIT is an autonomous, doctorally-awarding body, with students studying at every level from apprentice to PhD, and graduates represented in business, public service and academia in Ireland and internationally. Offering a wide range of career-focused programmes, the Institute is renowned for its academic excellence and professional relevance. Strong links with industry, commerce and the professions provide real-world insights and experience, while modularised programmes offer increased flexibility in course choices.

Students at DIT come from all over Ireland, and include a growing number of international students from every continent. The Institute has links with many institutions of higher education internationally and is a member of the European University Association (EUA) and the International Association of Universities (IAU).

“The city is our campus”
Dublin, with its large student population, is a lively and vibrant capital city. DIT is currently based on a number of campus sites around the heart of the city – all easily accessible by public transport. Each location is associated with particular disciplines, but students and colleagues are always welcome to visit any campus location and make use of the facilities whenever possible.

The larger campus locations are:
- DIT Aungier Street – Business, Media
- DIT Bolton Street – Built Environment, Engineering
- DIT Cathal Brugha Street – Tourism and Food
- DIT Kevin Street – Science, Engineering
- DIT Mountjoy Square – Art and Design
- DIT Rathmines/Chatham Row – Music and Drama

Some of our central services, including academic affairs, human resources, finance and facilities management, are based at 145 Lower Rathmines Road; and our Lifelong Learning, Staff Development and Learning Technology teams are based in Mount Street.

New campus planned
DIT is preparing to re-locate to a new single campus at Grangegorman, in the
General Information

heart of Dublin city. The Grangegorman Development Agency, which has been established by legislation, has commenced the detailed process of consultation and planning and in Autumn 2008 the final Masterplan for the new campus will be unveiled. As a colleague, you will be invited to give your views to the Campus Planning office at each stage of the development and your input will be very welcome. As one of the biggest developments in higher education in Ireland, the project will take a number of years to complete. It is expected that the Institute will commence the move to the new facilities in 2012-2013. Currently DIT students have access to playing fields at Grangegorman and the DIT Campus Planning Office is located on site also.

Performance and Exhibitions
Because of the wide range of disciplines within DIT’s faculties, there are numerous opportunities throughout the year to enjoy student performances and exhibitions. Students in the Conservatory of Music and Drama give recitals at lunchtimes in DIT Rathmines and Chatham Row throughout term time and many other concerts and performances during the year. Drama students also perform in The Theatre in Rathmines and other venues in the city centre. In October 2008 the students will present a full production of “The Magic Flute” in the Gleeson Theatre, Kevin Street.

End-of-year graduate exhibitions also provide a great opportunity to see the work of final year students. Students of architecture, fine art, visual communications, furniture design, interior design, display design, media arts, photography and film all showcase their work at the end of the academic year and exhibitions and screenings are open to all, both on campus and at venues in the city centre. Colleagues are most welcome at all student exhibitions.

Graduation ceremonies
Each year, some 4000 students graduate from Dublin Institute of Technology and are invited to a conferring ceremony in St. Patrick’s Cathedral. The ceremonies take place over five Saturdays, morning and afternoon, and are a fitting celebration of the achievements of students and of the DIT colleagues who mentored and supported them. The calendar of graduation ceremonies is available on the website.

DIT online
Although we are based in some forty buildings around the city, there is one single place where you can find out what’s going on across the Institute – that’s on Update, the weekly online newsletter. Update aims to provide a single location for all the major news concerning the Institute – events, developments, achievements, celebrations, media clips, etc. While Update is aimed particularly at staff it is also accessible to the wider public through DIT’s main website,
General Information

The website and the Staff Intranet also contain most information that colleagues may need regarding Human Resources, Finance, Academic Affairs, and other areas. If you do not find the information you need, or if it is out of date or inaccurate, please let the appropriate department know so it can be rectified quickly.

The public news pages of the website are regularly updated to let a wider audience know more about what's coming up in DIT and to report on exciting developments.

The Public Affairs team is part of the Office of the President and is located at Aungier Street. If you wish to publicise an event or pass on information to other colleagues, please contact members of the team.

There is one single place where you can find out what's going on across the Institute – that's on the main website, www.dit.ie.

Strategic Development Services

Operating within the Office of the President, the Strategic Development Services Team has the responsibility for co-ordination and facilitation of the Institute’s overall planning process. The team works Institute-wide, with the aim of providing relevant data and information to individual Managers, Schools, Faculties and Functions, in order to aid enhanced management decision-making. The team also aims to support and facilitate colleagues in the planning and implementation of the Institute’s key objectives. Its remit includes the following:

• The provision of support for strategic planning and management of the annual planning process, including the risk register
• Development, collation and analysis of Institutional data for planning purposes
• Identification of strategic issues and the formulation of recommendations
• Co-ordination and development of strategic Institute proposals and submissions, e.g. SIF, PRTLI, etc.
• Facilitation of change projects as appropriate
• Facilitation of business process analysis and improvements as appropriate
• Co-ordination of Institute reporting, as required
• Support for the development of DIT’s strategic corporate relations and assistance in the maintenance and co-ordination of its strategic industry links.

The Role

The role of the Public Affairs team is to facilitate effective communication throughout DIT and to be the central resource for promoting all aspects of the Institute's activities. The Public Affairs Office has responsibility for internal and external communications, including media relations, PR and relations with public bodies; marketing communications, including publications and advertising; and event management. We are available to assist with any PR or communication issue that may arise and we welcome suggestions and feedback from all colleagues.

Services

Internal Communications

The Public Affairs Office uses a range of tools to enhance communication within and between the various areas across DIT:

- Staff intranet – available on the web at http://intranet.dit.ie
- The Website – www.dit.ie
- Update – weekly online digest of news, views and events from around the Institute. This is circulated each week during the academic year and includes a calendar of upcoming events, reports on news from the previous week, profiles of specific individuals and functions around DIT, and information on appointments, awards and achievements. Contributions are always welcome and should be emailed to update@dit.ie at any time
General Information

- E-mail – to communicate important news and information to all staff. We aim to keep these communications to a minimum due to the large number of business emails staff receive daily.

Media Relations and General Information

In addition to liaising with the media, we also provide an information service about DIT, its services and activities to staff, students, public representatives and the general public. Our information resources include:

- A picture library
- Promotional materials
- DIT folders and pens

Corporate Identity

The Public Affairs office maintains DIT's corporate identity, provides style guides and monitors the use of the logo to ensure that it is reproduced properly and in an appropriate context. The logo can be downloaded from the website in full colour and mono formats but must be reproduced only according to the guidelines provided. We request that anyone producing materials which feature the DIT logo should send a copy to our office for the record.

Advertising

The DIT Advertising Policy aims to maintain consistency and to maximise on the value of our total advertising spend throughout DIT. All advertising for programmes, services, faculty and staff recruitment is channelled through the Public Affairs office.

Other Services

The Public Affairs team can assist with preparation of editorial, position statements, production of publications, photographic services, event management support, media monitoring and other information services that may be required during the year.
The DIT Graduate Network

The Graduate Network was launched to support graduates both home and abroad in their professional, social and educational pursuits, while developing an ethos of friendship, fellowship and communication.

The Network offers professional and social networking opportunities, along with a range of benefits and services to keep graduates involved. These include class reunions, events, e-newsletters, access to various DIT facilities and a number of group discount schemes.

The Network, which maintains a database of 80,000 members, has graduates in over 70 countries and contacts in 20 different cities including London, New York, Los Angeles and San Francisco.

We encourage all staff who studied at DIT to join the Network. For further information on the Network and its activities visit our website at www.dit.ie/graduatenetwork

Partnership in DIT

Background

Under recent national agreements, the social partners committed themselves to the modernisation of the public sector through Partnership.

A National Partnership Forum for the Institutes of Technology was established to oversee and promote Partnership activity across the sector. The website of the National Partnership Forum is at www.partnershipit.ie.

Mission Statement of PartnershipIT

"Through a Partnership approach, to create a quality workplace environment in all Institutes, where the involvement and contribution of all staff is encouraged and valued, in developing and achieving the Institutes' strategic objectives."

Our Partnership Vision

The Management, staff and trade unions of the Institute are committed to Partnership through a shared vision which includes:

- A participative approach to facing challenges.
- Common ownership of change and modernisation programmes.
- Pro-active relationships at all levels based on inclusiveness, openness, information sharing, trust, respect, joint-problem solving, and consensus decision making.
A commitment to continuously improve the quality, flexibility, and efficiency of our educational service while simultaneously enhancing the quality of our working lives and environment.

Principles of Partnership

The Partnership programme in the Institutes is based on the following 7 principles:

- Management and Trade Union Leaders promoting and being committed to an involving culture.
- All staff effectively engaged at the earliest possible stages in influencing decisions.
- All staff having the opportunity to influence the vision, strategy, and goals of their Institute.
- Effective communication processes and a culture of openness, allowing all stakeholders to freely communicate ideas and concerns.
- Devolved authority and responsibility, providing staff with opportunities to influence decisions about their work and working lives.
- Staff being valued, involved and supported in the development of their knowledge, skills and potential.
- All stakeholders working together to provide a quality education service and workplace.

DIT Partnership Committee

A Partnership Committee consisting of representatives of management and unions was formed in April 2002 – details of membership are on the staff intranet at: http://intranet.dit.ie/partnership/index.html.

Training and Facilitation

Training in Partnership skills, Team Working and Cross Functional Working, may be provided on request through the Staff Training and Development Department.

Staff Support Services
Human Resources

Human Resources Department
143-149 Rathmines Road
Dublin 6
T: 402 3000
F: 402 3395

Mission Statement
The Human Resources Department is committed to supporting the Institute in achieving its mission by providing the highest level of service to the Institute, its staff and the public, through its role in attracting, retaining and motivating staff of the highest calibre.

We will carry out our mission in a professional and caring manner, and in a spirit of equity and partnership. We aim to achieve this through the development of progressive HR policies and efficient and effective practices.

Role/Function
We are responsible for the Human Resources function within the Institute, including:
• Staff recruitment
• Administration of Contracts of Employment

• Superannuation
• Employee Relations including Industrial Relations
• Staff Training and Development
• Pensions

We also develop policies and procedures for each of the above areas.

HR Contacts
Director of Human Resources
Mr. David Cagney

Policies and Procedures

HR Policies and Procedures can be found by visiting the HR Website at www.dit.ie/services/hr

Some of the main policy areas are as follows:

- Dignity at Work – Anti-Bullying and Harassment
- Equal Opportunities
- Pension Entitlement
- PMDS (Performance Management and Development System)
- Probation
- Induction
- Leave and Benefits
Staff Training and Development

Location
Dublin Institute of Technology
14 Upper Mount Street
Dublin 2
T: 402 7870/7871/7862
F: 676 7243
Intranet: http://www.dit.ie/services/hr/training/

Mission Statement
To encourage and facilitate DIT Staff to pursue personal growth both in the interests of performing their duties at the highest level possible for the accomplishment of the strategic objectives of the Institute and for self actualisation.

To achieve this by providing a professional and supportive service to all staff in an open and accessible environment; and by ensuring that all activities reflect the Institute's Charter on Staff Development as well as taking cognisance of the Strategic Plan of the Institute.

What We Do
We run an Annual Programme of Training and Development Courses to enable DIT staff to continuously develop their knowledge and skills. We work with individual managers, teams and groups to develop training courses to meet specialist needs. Our training programme includes dedicated courses for all categories of staff, courses on DIT systems and procedures, IT training on DIT systems and standard desktop packages and Health and Safety training courses. We strive to continuously identify the up to date training and development needs of staff through regular consultation with management and staff and by carrying out training needs surveys. Under the Performance Management and Development System (PMDS), all staff of the Institute agree an annual Personal Development Plan with their immediate manager. Where these plans identify common training and development needs across the Institute, these needs are met through the Annual Training and Development programme.

We work closely with the DIT Staff Development Committee and Local Staff Development Committees on the formulation, review and update of staff development policies, the development of annual plans, the overview of the allocation of resources and the effectiveness of their uses. This work is carried out through close liaison with management and staff of the Institute and other relevant groups and committees.

We also administer the Fee Support Scheme for DIT staff pursuing higher qualifications, the Fee Waiver
Staff Support Services

Scheme for staff taking DIT part-time programmes and the Study and Examination Leave Schemes.

Fee Support Scheme for Staff Pursuing Advanced Qualifications – Under Review

1. DIT staff who are pursuing advanced qualifications in other Third Level Institutions, relevant to their position in DIT, will be eligible to apply for fee support. A call for final applications for the academic year will be communicated throughout DIT in September each year. All Staff, part-time and full-time, who have completed at least twelve months service, will be covered by this Scheme.

2. The closing date for the receipt of completed applications will be 30th September each year. Applications for the following academic year may be made at any time up to 30th September. Where the actual fee is not known by the closing date, an approximate fee should be indicated on the application.

3. Staff who miss the closing date may re-apply the following year.

4. Each application must include a recommendation from the appropriate Head of School/Manager and Director.

5. The administration of the Scheme will be regularly monitored by the DIT Staff Development Committee to ensure compliance with Institute policies.

6. Fee support for courses leading to Masters Degree, Primary Degree and Sub-Degree qualifications will only be granted where similar courses are not
available in DIT or where applications for places on similar courses in DIT fail.

7. Fee support for programmes leading to Doctoral qualifications may be granted irrespective of where the qualification is being pursued.

8. Depending on the availability of funds, up to full fee support will be granted where it is determined that a qualification will be relevant to the position of the staff member in the Institute. Fee Support for part-time staff will be applied pro-rata based on the number of hours worked. The criteria for determining the relevance will be as follows:
   (a) Primary Skills
       The necessary skills/knowledge required by the individual to keep abreast of changes in their discipline/profession.
   (b) Ancillary Skills
       While the advanced qualification being pursued may not relate to the main subject or business of an individual’s job, it should be borne in mind that the qualification may very well be relevant to one or other of the associated duties (e.g. general management/information technology/teaching skills).

9. Depending on the availability of funds, an amount of up to 50% fee support may be granted where it is determined that the qualification is not directly relevant to the position of the staff member in the Institute i.e. that it does not meet the criteria at (a) or (b) above. A pro-rata amount may be granted to part-time staff based on the number of hours worked. This provision has been made on the basis that the Institute is generally supportive of all personal development initiatives undertaken by staff.

10. The maximum number of years for which fee support will be granted will be limited as follows:
    Programmes leading to qualifications below Masters: Duration of the Programme up to a maximum of 4 Years
    Programmes leading to Masters qualifications: Duration of the Programme up to maximum, as follows: Taught – 2 Years Research – 4 Years
    Programmes leading to Doctoral qualifications: Duration of the Programme up to a maximum of 7 Years.

Under no circumstances will the number of years be extended

11. Fee support will be paid subject to the following conditions:
    (i) submission of receipts for fees paid or invoice in respect of each year/semester;
    (ii) fees for second and subsequent years/semesters will be payable on submission of the appropriate form or letter certified by the Course Co-ordinator confirming that the
staff member has made satisfactory progress in the course/programme;
(iii) should staff leave the employment of DIT within one year of completion of a year/semester of a course/programme for which they have been supported, they will be required to repay the cost of the fee for that year/semester to the Institute.

Staff Development Committee

Human Resources Committee
July 2004

Fee Waiver Scheme for Staff Registering on DIT Part-time and Evening Courses – Under Review

Under the Charter on Staff Development for 2000 and Beyond, all Whole-time, Part Time and Pro-rata part-time staff who have contracts that will run for at least twelve months from the date of application for fee waiver will enjoy fee waiver on DIT part-time and evening courses as an incentive to staff development. Fee Waivers will be applied pro-rata to part-time staff based on the number of hours worked. **Staff on Career Breaks are not eligible for fee waiver.**

Please note the following procedures for obtaining fee waiver:

1. Staff members intending to apply for places on DIT part-time or evening courses must apply for fee waiver to the Staff Training and Development Department, DIT 14 Upper Mount Street, Dublin 2. The application must be made on the **official application form** which is available on the staff intranet or from the Staff Development Department. **THIS APPLICATION MUST BE MADE WELL IN ADVANCE OF THE REGISTRATION DATE FOR THE COURSE APPLIED FOR.**

Where attendance at a part-time and evening course will effect work roster arrangements, a staff member must seek line manager approval in advance of registering for a course. Where this applies, written confirmation from the Line Manager should be submitted to the Staff Training and Development Office with the application. **(N.B. These procedures must be followed by staff members registering for second and subsequent years of courses as well as those registering for the first time).**

2. As eligibility for fee waiver is subject to acceptance on courses, applications for admission should be made in accordance with the requirements for all students.

3. The Staff Training and Development Department will
   (a) Check that the staff member meets the eligibility criteria.
   (b) Assess the level of fee waiver to be granted.
   (c) Log the course details and the personal details of the staff
member/student on the Student Registration System, Banner, including details of the level of fee waiver to be granted.

(d) Notify the staff member of the outcome of their fee waiver application.

(N.B. The granting of fee waiver does not guarantee acceptance on a course – see 2 above). The staff member must present a copy of this notification to the appropriate Registrations Office.

4. Staff members should then register for the course in accordance with local requirements.

(N.B. Staff members who have not obtained fee waiver prior to registrations will be charged full fees at registration)

5. Staff members who have been granted partial fee waivers must pay the balance by Visa, Mastercard, Laser, Cheque or Bank Draft at Registrations.

Fee Waivers will only apply while the staff member continues to be employed by DIT. Should a staff member leave the employment of DIT within one year of completion of a year/semester of a course/programme for which they have been granted a fee waiver, they will be required to repay the cost of the fee for that year/semester to the Institute.

Approved by Human Resources Committee – May 2007

Study Leave and Examination Leave Procedures for Non-academic Staff

Study Leave

Up to five days study leave with pay may be granted subject to satisfactory progress, for each year of a course which has been approved as relevant to work or career development.

Study Leave for Modular courses may also be granted on a pro-rata basis.

This Scheme applies to Wholetime, Part-time and Pro-rata part time staff.

Study leave will be afforded to part-time staff on a pro-rata basis.

Examination Leave

Staff will be granted examination leave in respect of a course that has been approved as relevant to work or career development for each day on which they have one or more timetabled/sessional examinations.

Attendance at Course during working hours

Permission to attend courses during working hours will be subject to local operational requirements. Staff members should seek permission prior to registering for a course of study.

Applications must be made on the official application form which is available on the staff intranet or from the Staff Development Department. Applications must be accompanied by examination
timetable or evidence of requirement to submit assignment or thesis or similar course work and should be made through appropriate Manager to the Staff Development Office (at least two weeks prior to commencement of the leave).

Staff members must seek approval and agree a schedule of examination and study leave with their line manager at the commencement of each year/semester of their course or study programme. This is essential so as to ensure the least disruption as possible to delivery of services.

Approved by Human Resources Committee—May 2007

Employee Assistance Programme

DIT recognises that its employees are its most valued resource and that their well-being is essential for the overall efficiency and effectiveness of the organisation.

DIT also recognises that, from time to time, employees do experience problems – both at and outside work.

Recognising the links between the individual and the organisation's effectiveness, DIT provides an Employee Assistance Programme (EAP) to promote a “supporting and caring ethos” for its employees.

The primary EAP service available for employees is a counselling service, provided by the Employee Assistance Officer (EAO).

Employees use this counselling service for work-related, personal, social and domestic problems e.g. from not getting on with colleagues at work to being harassed and bullied, being generally stressed, having specific anxiety-related problems, being depressed, suffering from addictions, having relationship difficulties, being bereaved etc.

What might counselling offer with such problems? It could be emotional support to cope with a current problem/situation. It could be examination of oneself and one’s situation perhaps to develop insights / re-interpret events / make plans. It could be getting information, harnessing...
Staff Support Services

resources and securing support/guidance to make the changes that are necessary and address one's problems.

The EAP counselling service is confidential, private and free – to facilitate employee confidentiality the Employee Assistance Officer works alone and operates separately from all other functions within DIT.

For staff in general, the EAP service engages in educational work e.g. preparation of Intranet articles on specific problems and aspects of personal development, seminars on relevant topics at DIT's Training and Development Unit.

The Employee Assistance Officer, Marion Benville, is currently located at DIT Aungier Street, Room G-039.2 on the ground floor.

Contact her at 402 7108, 087 9074179 or e-mail marion.benville@dit.ie for any enquiry or appointment at the above address.

For further information go to the EAP Intranet web page at http://intranet.dit.ie/info/eap

DIT Learning Teaching and Technology Centre

The Learning Teaching and Technology Centre (LTTC) provides a range of academic development and support for staff involved in third-level teaching. We aim to enhance the learning experience for all DIT students by encouraging staff to adopt a student-centred approach within the design, development and implementation of their learning teaching and assessment strategies and by harnessing information and communication technologies as appropriate. Our work draws upon current educational research, local, national and international best practice within all our on-campus and off-campus projects, consultancy support and programme provision.

Head Lifelong Learning and LTT Centre: Dr Jen Harvey, Tel. 01 402 7883

Head of eLearning Support: Dr Kevin C. O'Rourke, Tel. 01 402 7860

Accredited Programmes and short CPD courses

The postgraduate programmes at the DIT Learning, Teaching and Technology Centre are designed specifically for practitioners in further and higher education.

Postgraduate Certificate in Third-Level Learning and Teaching
The broad aim of this one-year course is to enable participants to be effective,
competent lecturers with a solid background in learning and teaching theories and their application in a range of practice situations.

Postgraduate Diploma in Third-Level Learning and Teaching
The broad aim of the Diploma is to build on the work of the Certificate over one year through specialist learning and research, and to prepare participants for the rigour of a masters programme.

M.A. (Third Level Learning and Teaching)
The MA builds on the research interests generated in the Diploma through completion of a research thesis (25,000 words) in one year.

MSc in Applied eLearning
Provides participants with a comprehensive grounding in a range of relevant uses of eLearning in order that they develop the required knowledge and skills to become eLearning practitioners and/or consultants in a tertiary education or industry context. The programme comprises two stages and is structured within two academic years.

For more information about any of our accredited programmes, please visit our website at http://www.dit.ie/lttc or contact Linda Boyd at 01 402 7875 or linda.boyd@dit.ie

Continuing Professional Development
We work with DIT lecturers and external experts to create and deliver quality CPD courses which are used by professionals from a range of institutions and industries. Using various curriculum design models these courses allow professionals to update their skills and knowledge at a time and place of their choice. Please see our website for further details.

Information about our CPD short courses is available from Eidin Finlay at mailto:Eidin.Finlay@dit.ie or 01 402 7633.

In-House consultancies and Workshops for Schools and Departments
The Centre provides consultancy services and workshops for academic staff at Department, Schools and Faculty levels, tailored to specific training needs and time schedules. Such services may be linked to new course development, course validation, course review, integration of technologies, or delivery of upgraded programmes. We also develop tailored multimedia resources for staff to use with their students.

We provide a range of consultancy services – from working with staff groups to individual consultations. If you or your school is interested in engaging the Centre for a specific Workshop, training or consultancy session, please contact Dolores Mcmanus at 01 402 7866, or Dolores.mcmanus@dit.ie

In 2008/9, it is planned to hold a number of workshops under the themes of Enhancing the student first-year experience and Supporting effective assessment practice. Our current
Staff Support Services

programme, available from the LTTC website also includes the following workshops:

- Curriculum design utilising a student-centred approach
- Supervising undergraduate and postgraduate theses
- Teaching for diversity
- Using webcourses.dit.ie, DIT's virtual learning environment (facilitated by Staff Training and Development)
- Effective online communications and eModerating
- Creating pedagogically sound eLearning materials
- Using sound and video to enhance teaching

Research and Collaboration

LTTCentre staff are involved in a variety of educational research activities and projects that help inform DIT Learning, Teaching and Assessment developments and innovations.

Currently these include:

- Web 2.0 and social networking tools
- Supporting the first year student experience
- Copyright and intellectual property rights
- Gaming and simulations
- Impact of eLearning on student performance
- Use of feedback to support student learning
- Reflective practice and personal development planning
- Communities of Practice

Through our research activities we have collaborated with many national and international institutions and agencies. Currently, we are involved in a number of HEA Strategic Innovation Funded Projects.

Information about recently published articles and conference papers by LTTC staff is available from our Website.

Website

Our Website (www.dit.ie/lttc) provides information about all our Centre staff and their specialist areas as well as our proposed workshop programme, training sessions and activities for the following academic year. You will also find a wealth of resources, guides and useful links to other sites and professional organizations.
Health, Safety and Welfare

Dublin Institute of Technology is committed to providing and maintaining a safe learning and working environment in accordance with Irish Health and Safety legislation.

The Health and Safety Officer, Edel Breslin is working to establish a comprehensive pro-active health and safety management system within the Institute.

The health and safety website www.dit.ie/safework contains:
• DIT Safety Policy
• DIT Parent Safety Statement
• Various Safety Policies, Procedures, Guidelines, Manuals, Standard Forms
• The Safety Booklet
• Details on Emergency Procedures, First-Aid, Incident Reporting, Occupational Health
• Safety Consultation and Reporting Mechanisms
• Safety Legislation and various useful web links
• Safety Training Information

If you have any comments or queries regarding health and safety matters, please contact:

Health and Safety Officer

Bolton Street – Rosie Cannon
M: 087 980 9194

Instructions on Discovering a Fire
(All Staff, Students, Visitors, Contractors etc.)
• Activate the nearest manual fire alarm call point/break glass unit
• Ensure the safe shutdown of equipment/electricity/gas in use, if time permits
• Leave the building using the nearest exit route
• Disperse from the building and move away to place of safety, i.e. Assembly Point
• Do not use the lift
• Do not re-enter the building until the “all-clear” has been given

Appointed Evacuation Marshals/ Sweepers should “sweep/search” their designated areas, checking to ensure that all offices, classrooms, cloakrooms, restrooms, storage areas have been evacuated. They should then leave via the nearest escape route. Lone workers/students working in isolation should act as sweepers for their own areas.

All Evacuation Marshals, Building Maintenance personnel, Portering personnel, Heads of Function, First-Aiders
etc. should assemble at designated assembly point (locally chosen) to check in, and report to the Incident Controller (Building Services Supervisor) giving details of any casualties or people needing assistance with evacuation. This information is then given by the Incident Controller to the Emergency Services.

Assembly Points – Highlighted on emergency plans and notices throughout each building. Know your assembly point!

Contacting First Aid
There is a list of Departmental First-Aiders at each First-Aid Station. First-Aid stations are identified by a white cross on a green background. In the event of an emergency contact 112/999.

A First-Aid Kit and Automated External Defibrillator (AED) is available at each porter’s desk/reception area.

Injured/Unwell Staff
Occupational Health Offices:
Mon-Fri, 9-5
Kevin Street Campus (including Aungier St. and Rathmines buildings)
M: 087980 3135
Cathal Brugha Street Campus (including Mountjoy Sq.)
M: 087 9809131
Bolton Street Campus
M: 087 9809194

Injured/Unwell Students
Mon-Fri, 9-5
Student Health Centres
Northside – T: 4023614 – Linenhall
Southside – T: 4023051 – Aungier St.

All incidents must be reported, give details of location, nature of incident etc. Incident Report/Hazard Report Forms available at Main Reception Areas/Porters Desks.

Please abide by the Smoke Free Policy at DIT. Smoking is prohibited within all DIT buildings.

Visitors should:
• Sign the visitors book at each location
• Read the safety booklet and obey safety rules and regulations
• Be made aware of hazardous areas and should use protective clothing equipment
• Understand the procedures to be taken in the event of an emergency

Contractors
Building Maintenance Managers (BMM) are responsible for Contractors. Local BMM will provide details on “permit to work” systems. All Contractors must be made aware of hazards before commencing work. If you have any queries in relation to safety contact your local safety representative.

Emergency Number
If you discover a fire, an injured/seriously ill person or another situation you consider to be an emergency, go to the nearest telephone and dial: 112/999.

Hazard Reporting
There is a procedure and report form to formally identify and report hazards. If you notice anything which you think could give rise to risk of injury or cause ill health – for example
Staff Support Services

- Faulty Wiring
- Faulty Equipment
- Spillage

Report this immediately. If it's a buildings issue, it should be reported to the local Building Maintenance Manager and if it is an operational safety issue it should be reported to local management using the Institute Hazard Report Form available on the website.

All hazards should be reported to the Health and Safety Office.

Personal Emergency Egress Plans
If a staff member/student with a disability requires assistance with evacuation, the Emergency Egress Questionnaire must be completed as soon as possible. Please contact your local OHO for further details.

Pregnant Employees
You should advise your Supervisor/Manager that you are pregnant as soon as possible. Management will ensure that tasks that present a risk to pregnant or breast feeding employees are identified.

Following a confidential assessment of those risks, changes/controls will be introduced, where practicable to reduce/eliminate the risks. Please contact your local Occupational Health Officer for a confidential pregnancy risk assessment.

Training
In recognition of its statutory obligations, DIT has adopted a Health and Safety Training Policy, which is available on the staff intranet. This policy outlines details of courses that all staff are required to attend.

Health and Safety Training for staff is organised in conjunction with the Staff Training and Development Department. Details of Health and Safety Training Courses are published annually in the Staff Development Programme of Courses and Workshops and on the staff intranet.

Elearning
Elearning will be available from October 2008 in: Manual Handling, Emergency Response, Slips, Trips and Falls and Workstation Assessment. Please refer to Staff Training and Development and Health and Safety websites for updates.

Dignity at Work
- Anti Bullying and Harassment Policy

Statement of Policy
"The Staff of DIT have a right to be treated with dignity and respect in accordance with our existing equality policies. DIT is committed to ensuring that staff work in a positive and safe working environment which is free from all forms of bullying or harassment.

Sexual harassment, other forms of harassment or bullying in any form is not acceptable and will not be tolerated, whether it is carried out by a member of staff, student or a business contact of DIT.

Offending staff members will be subject to the rigours of the Institute’s disciplinary procedures up to and including dismissal. Complaints by staff will be treated with fairness, sensitivity and in as confidential a manner as possible.

A complainant’s rights are protected under this policy and he/she will not be penalised for making a complaint in good faith. If, however, it is found that the complaint was brought maliciously or vexatiously, it will be treated as misconduct under the Institute’s disciplinary code.

Complaints of victimisation which result from lodging a complaint, or giving notice of intention to do so, will be treated as allegations of misconduct and dealt with through the appropriate grievance procedure.
Staff Support Services

and if upheld will be dealt with under the disciplinary procedure.

Where a complaint against a non-staff member e.g. student etc. arises, appropriate remedial measures will be taken to protect the staff member.

Inappropriate behaviour may lead to termination/non-renewal of contract, suspension/non-renewal of services, exclusion from premises or the imposition of other appropriate sanctions as may be deemed appropriate in accordance with relevant procedures.

The complete Policy and the Complaints and Investigation Procedures are available on the HR page of the DIT website. http://www.dit.ie/services/hr/forms/policies-procedures/all/preventingdealingwithbullyingharassment/

DIT Chaplaincy Service

The Chaplaincy Service welcomes to you to the Institute. We hope you enjoy your time with us. Our aim is to provide support and care for the personal, social and spiritual lives of all in the DIT community regardless of belief.

The Service

The Chaplaincy offers a confidential service – there is a chaplain available on almost all DIT sites/centres. We are aware that life can at times be stressful or hectic. We would like you to include us in your support team to assist you in whatever way we can. Come and find us – we may not have all the answers [though we do have some!] but we can direct you to the person who might. Primarily the two things that we offer are our time and our availability.

We are focussed on three main areas – Pastoral Care; Spirituality and Community Building and Outreach. You will see us around the campus if you wish to have a chat about anything – information or a personal matter – no need for an appointment – just call in to the office or come over to the chaplain as you see him/her about your site.

Why do people come to see us?

Sometimes people feel the need:
• To chat about something in confidence
• For support in times of grief
• To volunteer time/talents in social action
Staff Support Services

- Prayer and Eucharist [Daily and weekly]
- Spiritual Guidance
- Meditation
  You might have some ideas yourself that may help to contribute to the life of the community of DIT – let’s know.
  http://chaplaincy.dit.ie

Social Action/Community Involvement

You might like to give an hour of your time or more to participate in one of our social action/outreach projects. Contact the chaplain on your site or go to our website for details. http://chaplaincy.dit.ie
  - We look forward to meeting you during your time at DIT. For updates on what’s coming up during the year check our website http://chaplaincy.dit.ie

Role of the Office of the Academic Registrar

The Office of the Academic Registrar is responsible for the business of the Academic Council and its Sub Committees. The Academic Registrar post encompasses within it the role of Head of Quality Assurance within the Institute and a responsibility for planning, organizing, managing and reporting in relation to the Institute’s quality enhancement programme and for the quality review processes at different levels within the Institute.

The Office of the Academic Registrar is also responsible for coordinating and managing the business of the Academic Council and its Sub Committee Academic Quality Assurance, and for a range of sub-groups and working parties and bringing forward reports to the Institute’s Governing Body in this respect.

The Office plays an important role in academic policy formulation and development which extends to implementing, reviewing and up-dating a range of academic policies including the Handbook for Academic Quality Enhancement and the Institute’s General Assessment Regulations, for example.

The Office is also responsible for engaging with national and international HE quality networks and agencies and has membership of the Irish Higher Education Quality Network and sub-groups of the National Qualifications Authority of Ireland. Further, the Office has a responsibility within the Institute in relation to the Bologna Declaration.

The Office is closely involved in arrangements in relation to partnerships with external institutions/organizations and deals with enquiries in relation to the placement of the Institute’s awards.

Academic Council

The functions of Academic Council may be obtained in Section 11.3 of the DIT Act 1992, 1994.

The Academic Council is the statutory body charged with establishing and maintaining the academic standards of the Institute. Members are appointed by the Governing Body to assist it in the planning, co-ordination, development and overseeing of the educational work of the Institute and to protect, maintain and develop the academic standards of the
courses and activities of the Institute. The majority of members of Academic Council are members of the academic staff of the Institute. The President, the Director of Academic Affairs, the Director of Research and Enterprise and the Head of Library Services are ex officio members.

Financial Services

Financial Overview of DIT
In 2008 DIT has an operating budget of €158m with pay costs of €126m (79%) and €32m (21%) covering the non-pay activities.

The Institute’s income is principally derived from funding from the Higher Education Authority €118m (74%) and the remaining derived from Tuition Fees, retained pension contributions, bank interest and miscellaneous self-generated funds.

Of the total payroll costs of €126m, €85m (68%) is provided for direct Academic Costs with Academic Support and Administration accounting for €38m (29%) and the remaining €3m (3%) spent on senior management, examinations, recruitment and other miscellaneous payroll costs.

The main elements of the non-pay costs in 2008 are:
Fixed Premises costs of €9.8m (31%)
General Administration of €4.7m (15%)
Communications/Computer Costs of €3.1m (10%)
Class Materials of €2.8m (9%)
Maintenance of €2.5m (8%)
Equipment of €2m (6%)
Research and Scholarships of €2.1m (7%)
Professional Fees of €1.2m (3.1%)
Library Costs of €2.0m (6%)
Training and Development of €1m (3%)
Community Links and Access Programmes of 0.8m (2%)
Central Services

The Role of Finance
The main activities undertaken by Finance are as follows:
• Preparation of annual budgets and continuous monitoring of expenditure against budget to ensure that financial performance is in line with funding provided by the Higher Education Authority.
• Production of monthly budget monitoring reports for all areas of DIT operations.
• Preparation of statutory accounts and clearance of all related audit issues.
• Management of Tuition fee income claims from DOES.
• Development and maintenance of DIT policies and procedures and related financial controls.
• Management of payroll processes.
• Procurement processes.
• Implementation and management of procurement central contracts
• Payments to suppliers.
• Implementation and on-going development of financial systems and related management reporting tools.

One of the requirements of the HEA is that Unit Cost information be available for all courses run by the Institute. Finance have produced the first unit costing data for the Institute recently. This data will be updated annually and provided to the HEA.

Web Site
The DIT intranet, to which most staff have ready access includes useful background information such as:
• Brief outline of the main functions of each section of Finance.
• Complete listing of all Finance policies and procedures.
• Key contacts phone numbers.
• All standard forms used in the Finance area.

Financial Policies and Procedures
One of the most important policies relates to the purchasing activity and this has been significantly amended following the implementation of Agresso. An extract from the policy is set out here to ensure that new staff are made aware of the main issues. The full policy can be viewed on the purchasing website within the staff intranet.

Standard Requisition (Goods/Services) Contract Suppliers
• DIT have several contracts for the supply of certain goods/services, no purchases may be made from other suppliers for this particular product group. Details of prices may be obtained from the Central Contracts list or the Product Catalogue both located on the purchasing website within the Staff intranet. Contact purchasing for the current password to access these files.

Existing Supplier List
• To reduce delays in processing orders and the number of suppliers being set up and managed on the system it is
Central Services

vital that quotations are sought from suppliers already set up who supply the goods/services required. The current list of suppliers by product/service description can be viewed within Agresso or from the supplier list file on the purchasing website. Details of the current Tax Clearance Certificate expiry date is also contained within the supplier list file for each supplier on the system. A condition of obtaining a Public Sector Contract of a value of €10,000 or more, (inclusive of VAT), within any 12 months period, is that the contractor is required to produce either a valid C2 certificate or a general Tax Clearance Certificate from the Irish Revenue.

NOTE: Contracts awarded and payments made by Public Sector bodies to other Public Sector bodies are excluded from the scope of T.C.C. procedures.

Quotations

• Goods/Services up to the value of €10,000 (excluding VAT) require 1 written quotation from a supplier attached to the requisition.
  Alternatively an up to date published price list will suffice for non contract suppliers.
• Goods/Services between €10,000 and €65,000 (excluding VAT) require 3 written quotations.
• Goods/Services between €65,000 and €206,000 must go to tender as per Government and DIT Procurement Policy, by way of advertisement or on the government's etenders web site www.etenders.gov.ie
• Goods/Services above €206,000 (EU Threshold) must go to tender as per EU Regulations by way of advertisement in the Official Journal of the European Communities. Further details pertaining to the tendering process can be obtained from the Procurement and Contracts Manager.
• A standard requisition must be fully completed for ALL goods or services.
• Quotations must be dated, signed and should state if prices are inclusive or exclusive of VAT, the rate of VAT and if there are delivery charges. Requisitioners should proceed with the lowest quote where quality and delivery/service match, however, if there is a valid reason not to choose the lowest quote details of the criteria used for the selection process must accompany the requisition.

Completing Standard Requisition

• The requisitioner must complete the requisition in full with particular attention to the Product Code (refer to Product Catalogue for product code) available within Agresso and on the central procurement web site. Delivery terms should also be completed. Delivered DIT (if delivery charge is included in the price), Ex
Central Services

Works (if DIT has to pay for delivery), N/A (for services).

- All completed requisitions must be signed by the requisitioner and authorised by the budget holder before they are submitted for processing into Agresso. For values in excess of 50,000 additional authorisation is required as follows:
  1. Up to €50,000 Head of School, Department, Faculty Administrator or Finance Officer
  2. €50,001 - €100,000 Director of Function
  3. Over €100,000 Director of Function and Director of Finance/President
  4. Over €100,000 to Directorate for Noting
- Requisitions that do not comply in any way will be returned. In some instances the processing of a requisition may be delayed due to the supplier not being set-up on AGRESSO or a valid Tax Clearance Certificate may be required. You will be advised of such instances.

Purchase Orders
- When a purchase order is raised it is sent directly to the supplier via fax, email or post. It should not be sent by more than one method to avoid duplicate deliveries. A copy is retained on file in the order entry office and a copy is forwarded to the Budget Holder for their records. Since the cost of processing a Purchase order is in the region of €100 orders should only be raised for values in excess of €50. Only in exceptional circumstances should orders be raised for less than €50. Petty cash should be used where possible for these low value orders.
- The order entry office should run enquiries for past due items on Agresso for orders raised by that office and follow up with requisitioners to ensure goods/services are delivered on time. This process should be followed every two to three weeks to ensure there is no build up of outstanding orders on Agresso. Outstanding orders for computer equipment should be reviewed more regularly, due to the value of this equipment.
- The requisitioner should handle all queries to suppliers regarding the required/delivered goods and keep the order entry office up to date on progress.

No Goods or services should be purchased outside of the DIT regulations - a supplier must be in receipt of an official DIT Purchase Order before delivery of goods are accepted or services provided. The only exceptions to this rule are listed below:
- Invoices Paid Directly by Central Creditors Section
- Electricity
- Gas
- Telephone Rental and Call Charges
- Mobile Phones (Handsets Ordered by Central Procurement Office Only)
- Photocopier Meter Reading
Central Services

- Photocopier Toner Cartridges (Usually covered by Service Contract)
- Subscriptions
- Courier
- Taxi
- Rental and Service of Water coolers
- Distance Learning Tutors

Cheque Requisitions
(refer to procedure B11-on the website)
- In line with DIT’s Purchasing Policy all orders and payments to suppliers of goods and services are managed through the AGRESSO system. In very exceptional circumstances a cheque requisition may be processed to facilitate payment to a supplier.

Examples of expenditure where NO PURCHASE ORDER is required but where payment is made on receipt of cheque requisitions:
- Guest lecturers
- External examiners
- Rents
- External assessor
- Petty cash recoupment
- Franking machines
- Honoraria
- Interview expenses
- In-service and travel claims – advances/reimbursements
- Hospitality expenses (Use form B7)
- Reimbursement of certain medical expenses
- Refund of exam/tuition fees
- Supervisor’s fee – counsellors
- Distance learning tutors (not set up as suppliers on Agresso)

- Payroll section payments
- Superannuation refunds
- Secondment payments to outside bodies.
- Payments to “one-off” supplier – a written explanation for expenditure of €500 or above must be given on the cheque requisition – use of one off suppliers is restricted activity and if used we need to know why it is not on the approved list of suppliers.

3. CBS Food Accounts
- A different process is in place for this area.

Note: This is a summary. Please refer to the full procedures located on the finance web site.
Internal Audit

What is Internal Auditing?
An independent, objective assurance and consulting activity designed to add value and improve an organisation's operations (Institute of Internal Auditors).

Role of Internal Audit Unit
The role of the Internal Audit Unit is to support the achievement of corporate objectives by providing an independent appraisal service to the Institute. It assesses the adequacy and effectiveness of internal management and control systems with a view to attaining best value, minimising risk and providing objective assurance to managers. It also provides an advisory or consulting activity, on a wide range of matters including risk identification and standards of control for new systems under review, to improve the organisation's operations.

Contacting the Internal Audit Unit
Brendan Ruddy – Head of Internal Audit
T: 402 3340
E: Brendan.Ruddy@dit.ie
Please note that further information is available on the Internal Audit website http://www.dit.ie/dit/about/president/audit/
September 2008

Insurances

DIT has a wide range of insurance's covering staff, students and members of the public as well as cover for DIT property.

We would like to draw your particular attention to the following:

Accidents/Incidents
- Where any incident occurs act immediately to ensure the safety and wellbeing of all concerned and where appropriate the protection of property.
- Preserve the scene where appropriate and advise management, (Director, Head of School, Faculty Administrator, Buildings Maintenance Manager or Porter).
- Complete the Institute's Incident Report Form immediately. A copy of the procedure to be followed and copies of the report form are available from the Faculty Administrators Office, Buildings Maintenance Managers Office, Porters Office and Occupational Health Offices.

Please note these forms should be completed by a DIT staff member only and NOT by the injured party.

Queries in relation to accidents/near misses should be addressed to:
Edel Breslin
Phone: (402) 4192
E: edel.breslin@dit.ie
Sinead Collins
T: (402) 4213
E: sinead.m.collins@dit.ie
Central Services

Theft
Please inform management immediately, as it is necessary to advise the Gardaí in most cases. Prepare a written report giving details of time, place and property stolen.

Please note that DIT does not accept responsibility for the personal property of staff, students or members of the public and does not have insurance cover for such items.

Travel
The Travel Policy covers staff while travelling on DIT business within and outside of Ireland. Please note that the Travel Policy covers internal journeys (i.e. within Ireland) only if the journey requires overnight accommodation or involves flying as a passenger where the flight has been booked before commencing the journey. The Institute’s Travel Policy provides cover for personal accident, medical and emergency travel expenses, cancellation or curtailment of itinerary, personal luggage etc. The cover also extends to include spouses of DIT employees accompanying staff on official business where permission has been obtained in advance of departure. Should you have any queries on any DIT related insurance matters please contact:
Colm Whelan
Finance Officer
T: (402) 3306
E: colm.whelan@dit.ie

DIT Library Services

There are seven libraries within the Institute. They are located at Aungier Street, Bolton Street, Cathal Brugha Street, Kevin Street, Mountjoy Square, Rathmines Road and Upper Mount Street. Users can visit and borrow books from them all.

Hours of opening vary between libraries and according to the time of year. During term most of the libraries are open from 9.30am to 9.30pm Mondays to Fridays and from 10.00am to 5.00pm on Saturdays. Please refer to site information in this handbook and the notices at each library for further details. Also check the DIT Library Website at www.dit.ie/library for any changes.

DIT Library currently stocks more than 300,000 books and other items and subscribes to nearly 20,000 journal titles. The entire holdings of the DIT libraries, their locations and current status are displayed on the Library WebOPAC. This can be accessed in each library and via the Internet at http://library.dit.ie. Staff can apply for Library Cards at any of the libraries.

The DIT libraries provide study spaces, networked PCs, WiFi access, textbooks and other course materials, reference works and journals to support the programmes offered by DIT and to facilitate research. Information is available in many formats besides books e.g. DVD’s, maps and music. Photocopiers and
printers are also available. Books and journal articles not in the DIT Library can be requested via the inter-library loan service.

Internet access and on-line searching are available via the DIT Library Website at www.dit.ie/library. Many of the electronic resources can be accessed from any networked PC.

Each Faculty has a Faculty Librarian. They work closely with academic colleagues to ensure that library services continue to develop to meet the changing needs of learning, teaching and research at DIT. You are strongly advised to get to know your own Faculty Librarian at an early stage.

Your Library Services are a valuable resource during your time with DIT. Feel free to use any of the libraries and remember that the staff there are always willing to help you and your students satisfy your information needs. Library staff can be contacted in person, by phone and by e-mail. Please see below for further details.

The mission of the Information Services (IS) Department is to drive the deployment of information and communications technologies and systems within the Institute so that DIT can achieve its strategic and operational goals in teaching, learning, research, technology transfer, community support and effective administration. This will be achieved through Seven Strategic Goals:

1. Innovative and effective solutions serving all the ICT Information and communications needs of DIT
2. Deployment of solutions in a focussed, cost-effective, trouble-free and timely manner
3. DIT enjoys the benefits of a powerful, secure and future-oriented electronic ICT infrastructure
4. A comprehensive, professional and responsive support service
5. Effective IS governance and management structures
6. Being a key contributor of strategic change and organisational improvement at DIT
7. Having the resources and competencies to deliver on its mission and commitments

ISSC Major Projects 2008/09

Email – Students were moved to a new high capacity email system in February 2008 and the next phase of this project will see all staff email accounts migrated to the new system
Central Services

which also features a new Portal (myDIT.ie) and a Calendar system.

Service improvement – The resolution of service and support requests will be delivered in accordance to agreed service levels based on ITIL best practice. The IS Department is currently implementing Incident Management. A new version of our Incident Management software is currently being installed which will assist staff and students with logging, tracking and progressing IS support requests.

Active Directory – Continued rollout of the ICTDOMAIN and new services such as MyPassword.DIT.IE. Integration with more systems to facilitate ease of access to all IS services.

Business Applications – In addition to the rollout of the Diploma Supplement software, we are also undertaking a major upgrade to the Electronic Grade Book system.

Network – Upgrade of the DIT Metropolitan Area Network (above graphic) to provide increased bandwidth and availability to a number of buildings including Cathal Brugha Street, Chatham Row, Mountjoy Square and Mount Street. At the core of the new network will be a state of the art purpose built Data Centre in Aungier Street.

For more information about the projects above please visit http://intranet.dit.ie/ISPMO.

For Support please contact IS Support Centre.

Directorate of Research and Enterprise (DRE)

DRE Organisation and Units
The DRE is one of the central Directorates providing a centrally organised resource for DIT staff active in research and enterprise. The Director of Research and Enterprise (Professor Ellen Hazelkorn, ellen.hazelkorn@dit.ie) is also the Dean of the Graduate School. Dr Steve Jerrams (steve.jerrams@dit.ie) is the Institute’s Head of Research.

DRE is responsible for the development and sustainability of research and enterprise support in the Institute. DRE is also responsible for all aspects of the management of externally funded projects and for maintaining a variety of relevant information resources.

DRE is located at DIT-Rathmines House, 143-149 Rathmines Road Lower, Dublin 6 though some of its units are based at other locations throughout the Institute.

DRE has six operational units.

The Research Support Unit
The Research Support Unit (RSU) is the unit that manages all aspects of externally funded research and consultancy projects.

Contact details:
Dr. Steve Jerrams,
DIT-Rathmines House,
143-149 Rathmines Road Lower,
Dublin 6.

Hothouse (Enterprise and Commercialisation Unit)
This unit is responsible for all aspects of commercialisation of DIT research and manages the business incubation and enterprise support activities of the Institute. This unit also manages DIT’s Intellectual Property regulations and IP portfolio.

Contact details:
Mr. Tom Flanagan,
Hothouse,
DIT Aungier Street,
Aungier Street,
Dublin 2.
T. 402 7028
E: Tom.flanagan@dit.ie

The Professional Development Services Unit
This unit is responsible for the development, planning, implementation and management of all specialised commercial education and training provision in the Institute. This activity includes:

- Continuing Professional Development programmes
- Executive Education Programmes
- Sector Specific Training Programmes

Contact details:
Mr. David Kirk,
DIT Kevin Street,
7 New Bride Street,
Central Services

Dublin 8.
T. 402 7636
E: David.kirk@dit.ie

The DIT Graduate School
This school is the organising unit for the DIT virtual Graduate School to which all DIT graduate students are attached. The Graduate School organises and manages the progress of graduate students in DIT.

Contact details:
Dr. Janet Carton,
DIT Rathmines House,
143-149 Rathmines Road Lower,
Dublin 6.
T. 402 7526
E: Janet.carton@dit.ie

Research Finance
Research Finance is the unit that registers and maintains the DIT research registry and the DIT research finance accounts.

Contact details:
Ms. Catherine McGarvey,
DIT Rathmines House,
143-149 Rathmines Road Lower,
Dublin 6.
T. 402 3331
E: Catherine.mcgarvey@dit.ie

European Support Unit
This is the unit that can provide help for DIT researchers to initiate and maintain research projects with European partners. This unit can provide support for a range of European programmes including the Framework research Programmes.

Contact details:
Dr. John Donovan,
DIT Rathmines House,
159 Rathmines Road Lower,
Dublin 6.
T. 402 3476
E: John.donovan@dit.ie

DRE Research Thematics
In 2007 the DRE initiated a survey of research in DIT to identify areas of particular strength. This survey identified six research themes in DIT around which subsequent strategies have been based. Each thematic has an assigned thematic manager whose role is to assist DIT researchers in developing and managing their research activity in the relevant thematic area. Each of these thematic managers can provide information on funding sources, funder’s requirements, potential partners, project management, project budgeting and finance, etc. Researchers are responsible for all the technical aspects of their projects.

Where potential projects fall outside the defined research themes, these managers can still provide help and support. The DIT research themes are not designed to restrict the variety or type of research projects that can be undertaken in DIT.

ICT, Arts and Media
Manager: Dr. John Donovan
T: 402 3476

T: 402 3308
E: Sandra.fisher@dit.ie

DRE Website
DRE maintains the Institute's research portal at http://research.dit.ie. This portal provides access to information about the DRE, details of various procedures managed through the DRE and information about the current state of projects managed by the DRE. The portal is continuously developing and an active group of DRE staff and researchers keep the portal under review. New staff who want to be involved in this group should contact DRE.

Office of Graduate Studies

Aims and Objectives
The aim of the Graduate Studies Office is to provide a comprehensive support service to all those in postgraduate education in the institute.

A number of services are provided by the office including postgraduate admissions, research seminars, research training modules, research progress monitoring and workshops. Our goal is to promote and develop postgraduate education through the facilitation of quality taught courses and applied and basic research (often with industrial links). Furthermore, to maintain the high quality of research carried out at DIT, we aim to recruit postgraduate students of an exceptional standard.

Key Services To Staff
- Admissions to all DIT postgraduate programmes (courses and research)
- The administration of postgraduate research funding
- Facilitation of postdoctoral and postgraduate recruitment
- Facilitation of seminars and workshops in relation to postgraduate study and research
- Advice on marketing of postgraduate opportunities in the institute
- Advice and guidelines on postgraduate regulations
- Advice on international qualifications equivalencies

DIT Staff Handbook 08-09 57
Central Services

- Facilitation of the further development of postgraduate courses and MA qualifiers
- Facilitation of postgraduate research student monitoring and evaluation

Records Management
(including Freedom of Information and Data Protection)

The Records Manager provides information, advice and assistance in information compliance in the areas of Records Management, Freedom of Information and Data Protection.

Contact Details
Theresa Whelan
Records Manager
DIT 143 – 149 Lower Rathmines Road
Dublin 6
T: 402 7519
E: theresa.whelan@dit.ie or foi@dit.ie
W: http://www.dit.ie/records-management

Records Management
Records Management is the organisational function of managing records to meet operational business needs and accountability requirements. It tracks and controls documents from creation to disposal so that they can be moved as efficiently as possible through administration. It also serves to identify vital records, i.e. those records which are necessary to the organisation’s ability to continue its business and to protect its financial and legal interests. The identification and protection of such records is, therefore, of critical importance.
Increasing public accountability, most notably under the Freedom of Information Acts, 1997 and 2003, under which DIT is a prescribed body, requires a more formal approach to the management of records. The Records Manager can assist each area within DIT in developing and implementing a system for the management of records from origination through to maintenance and disposal.

**Freedom of Information**

The Freedom of Information (FOI) Acts, 1997 and 2003 confer the following statutory rights on individuals: (i) a right to access information held in DIT's records; (ii) a right to have personal information in a record amended where it is incomplete, incorrect or misleading and (iii) a right to obtain reasons for decisions that have materially affected them. These rights are supported by an internal review and an external appeal procedure. This means that, apart from information already published or otherwise available, individuals may apply:

- for access to DIT records retrospectively to the date the Act was implemented, i.e. 21 April 1998;
- for access to records that contain personal information about them irrespective of when created;
- for access to their own personnel records created since 21 April 1995;
- to have made known to them the reasons for decisions made by DIT that have materially affected them. This right is retrospective to 1 October 2001.

The FOI Acts also provide for certain types of information to be exempted from release in specific circumstances.

**How to deal with FOI requests:**

- If you are contacted by an individual wishing to make a request under FOI, please refer the individual to the Records Management Office.
- If you receive a request in writing which cites the FOI Act, please redirect the correspondence immediately to the Records Management Office where it will be processed in accordance with statutory regulations.
- If you are not sure about the nature or status of a request for information, please contact the Records Manager.
- If your job involves the provision of routine information to students, staff and members of the public, you should continue to do so as FOI is used only to obtain information which is not routinely available.

Assistance for students, staff or members of the public in exercising their rights under the FOI Acts is available by emailing foi@dit.ie or contacting the Records Manager, contact details outlined above.

**Data Protection**

Data Protection (DP) is the safeguarding of the privacy rights of individuals in
relation to the processing or personal data, in both paper (manual) and electronic format. The Data Protection Acts, 1988 and 2003 lay down strict rules about the way in which personal data are collected, accessed, used and disclosed. The terms of the DP legislation also permit individuals the right to have their personal data amended if found to be incorrect.

All enquiries relating to Data Protection or its implementation in DIT can be referred to the Records Manager, contact details outlined above.

---

**Oifig na Gaeilge**

**Oifig na Gaeilge: Cúlra, Feidhm agus Seirbhísí**

Bunaíodh Oifig na Gaeilge i mí Feabhra 2006 chun an Ghaeilge a chur chu òn chinn i ngach slí ar fud na hInstitiúide. An Ghaeilge a bheith lárnach i saol na hInstitiúide an fhís agus an dúshlán atá romhainn amach. Tá an Ghaeilge agus an dátheangacha á spreagadh agus á neartú againn trí dheisearann foghlama agus seirbhísí i ngGaeilge a tharóireadh agus a sholáthar don bhfoireann agus do mhic léinn; imeachtaí sóisialta agus cultúrtha a reachtáil; cáipéisí agus comharthaíocht dátheangach a ullmhú chomh maith le go leor eile.

Beidh Oifig na Gaeilge ag ullmhú Scéim Acht na dTeangacha Oifigiúla na hInstitiúide i rith na bliana acadúil 2008/09. Plean 3 bliana atá i gceist chun soláthar níos mó de sheirbhísí i ngGaeilge a chur an fáil ar chaighdeán níos airde ó Instiúid Teicneolaíochta Bhaile Átha Cliath.

Bí i dteagmháil linn má tá aon tuairim nó moltaí agat do Scéim Acht na dTeangacha Oifigiúla agus maitir le cur chun cinn na Gaeilge go ginearálta in Instiúid Teicneolaíochta Bhaile Átha Cliath. Tá muid ag súil go mór le cloisteáil uait.

**Seoladh:**

Oifig na Gaeilge

Ráth Maonais, Baile Átha Cliath 6
Oifig na Gaeilge: Background, Role and Services

Oifig na Gaeilge was established in February 2006 and is responsible for the promotion of the Irish language in every way possible in DIT. Our vision and challenge is for the Irish language to be central to life in the Institute. We are working towards this by developing and providing opportunities to learn the language; organising social and cultural events; assisting in the provision of services through Irish for staff and students; translation work; the provision of bilingual signage and advertising and much more besides. Oifig na Gaeilge will be preparing DIT's Irish Language Scheme under the Official Languages Act in 2008/09. This statutory scheme is a 3 year plan outlining the steps in ensuring better availability and a higher standard of public services through Irish in DIT.

Be sure to get in touch with Oifig na Gaeilge if you have any suggestions or ideas for DIT's Official Languages Act Scheme and on the promotion of the language in general in the Institute. We look forward to hearing from you.

Address:
Oifig na Gaeilge
143-149 Rathmines Road
Rathmines, Dublin 6
DIT Staff Handbook 08-09

Student Services
The DIT Student Sports, Recreation and Support Office is located at the Institute at the above address.

It administers a wide range of services including the Student Assistance Fund, Student Accommodation Service, and oversees the distribution of expenditure of the Student Services Fund. This fund is created from the Student Services Fee paid by each student of the Institute and is used to provide finance for the Institute’s registration and examination fees, student welfare and medical services, clubs and societies and the Students’ Union.
The DIT Community Links Programme

www.ditielcommunitylinks.ie

The aim of the Community Links Programme is to help in the alleviation of educational disadvantage at local (inner-city Dublin), national and international levels. This is achieved through initiatives primarily directed at personal development including self esteem, confidence, motivation and empowerment of individuals and communities.

The programmes are located in the Primary, Secondary, Third level and Community sectors. The issues concerned are the alleviation of absenteeism, prevention of dropout, increases in attainment in schools, return to education in communities and access to education for all.

The Programme is funded through partnership with educational, voluntary, statutory, community organisations and the corporate sector.

Contact: Dr. Tommy Cooke – 01 402 7621.

DIT Access Service

Aim:

Ensure wider participation and equality of outcome in higher education by promoting access to higher education and facilitating access students' participation and progression in DIT, through partnership with staff and students, education providers and communities.

Achieving this aim:

The DIT Access Service works with schools at primary and second level, further education colleges and communities in disadvantaged areas to support students in accessing higher education. The Service also operates the Higher Education Access Route (HEAR) with university partners as an access entry route. The Service also provides a student support service for 300+ access students in DIT.

In the DIT Access Strategy 2007/08 - 2009/10 six key objectives have been identified to achieve this aim:

1. Enhance communication and collaboration between the DIT Access Service, DIT staff, students, schools, communities, education providers and corporate and voluntary sectors.

2. Expand pre-entry programme at second level, develop a new primary school programme and liaise with the youth and community sector to raise awareness and facilitate access to third level education for underrepresented groups.

3. Expand current and develop new access entry routes to DIT to increase the number of students in higher education and DIT from underrepresented groups.

4. Further develop a student-centred support service that will empower...
Student Services

access students to develop the necessary skills for active participation in and successful completion of their education at DIT

5. Build the capacity of the DIT Access Service to support further development and expansion

6. Contribute to and learn from new knowledge and best practice in Access

For a copy of the DIT Access Strategy contact the Access Officer.

Pathways Through Education

Contact: Caitriona Power 01 402 7621
www.communitylinks.ie/pathways

Pathways Through Education is an innovative self-esteem enhancement Programme for adolescents in Dublin inner-city schools. Since 1997 the Programme has used Psychological Therapeutic Interventions and a Counselling Service to help raise self-awareness and self-confidence.

Each year three hundred students participate in this programme. This integrated Whole-School Programme works with students, parents and staff enhance relationships both in school and at home.

The Digital Community Programme

Contact: Wendy Gannon 01 402 7613
www.communitylinks.ie/digitalcommunity

The Digital Community Programme has brought Computer Labs into a number of Dublin Inner City Flat Complexes, and continues to train the residents of these communities in skills that will help them to bridge the Digital Divide in the future. The Programme trains residents in basic computer courses and gives them the
skills, through our train the trainer course, to pass their new learning on to their neighbours and friends. Courses include Comic Creation, Clay Animation and a range of formal courses which are accredited through DIT and Microsoft. The programme also provides Technical Support for Hardware and Software in all the centres.

**Ballymun Music Programme**

Contact: Caitriona Power 01 402 7621  
www.communitylinks.ie/ballymunmusic

The Ballymun Music Programme provides an entry to instrumental music making for primary school children in Ballymun through its Recorder classes, two Junior Wind Bands, Junior String Orchestra and choirs. These are run with the support of many of the National schools in the area.

At second level the Programme provides support to the Ballymun Trinity Comprehensive school in preparation for Junior and Leaving Certificate Music and maintains a scholarship programme in conjunction with the D.I.T. Conservatory of Music and Drama for exceptionally talented children.

At third level contact is maintained with, and support provided for, students who are taking music as part of third level Degree courses.

**Dublin Inner-city Schools Computerisation Project (DISC)**

Contact: Wendy Gannon 01 402 7613  
www.communitylinks.ie/disc

The DISC Programme operates in 39 inner-city disadvantaged primary and secondary schools. This involves the installation of computer resources in schools and implementing a programme of relevant teacher training to integrate the use of computers into the teaching/learning process in all curricular areas. We believe that no child should be denied an education in the use of ICT and as part of the programme encourage the use of groundbreaking tools such as game making, animation, video making, desktop publishing and robotic Lego to capture the imagination and open up a world of possibilities for children in Dublin inner-city schools.

**Mature Student Access Course**

Contact: Will Peters 01 402 7626  
www.communitylinks.ie/maturestudent

The Mature Student Access Course is a one year course at DIT. It is designed for Mature Students from areas and communities where there is not a strong tradition of participation in third level education. Having successfully completed the one year course participants are then eligible to enter undergraduate courses at DIT.

**Community Based Learning Programme (CBLP)**

Contact: Catherine Bates 01 402 4402  
www.communitylinks.ie/CBLP

The Community based learning Programme involves students undertaking
Student Services

electives on their course to use their specialist subject knowledge and skills to help community groups and organisations achieve various objectives. The Community Based Learning Programme elective is then academically assessed and the students gain academic credits towards their course of study.

Student Retention Office

The following is an extract from the DIT Student Handbook that contains information useful for DIT staff also.

Doubts About Your Course?

At some stage you may have doubts about whether your course or indeed further study is “for you”. This is not uncommon, particularly in the early weeks and months of your first year. Usually these feelings pass once you become settled and establish a network of friends.

However, if you are unsure about your choice and would like to talk to someone about it please speak to your Course Tutor, Department Head, or Faculty Administrator. Alternatively you can contact the Student Retention Office, the Careers Service, the Student Counselling Service, the Chaplaincy Service or the Student’s Union.

DIT is currently conducting research into:

• How your experience as a student in DIT can be improved.
• The reasons why students choose to leave their course.
• Initiatives to keep students on track.

The purpose is to find out how these issues might be addressed and to apply the right strategies to enhance the student experience. The important thing is that you do let us know if you
Student Services

are having difficulties, no matter how small or unimportant they may seem to you. We are here to help you on this exciting and often challenging journey through academic life and will support you throughout your time with us.

Contact us with your concerns and opinions so that we can use them to effect change. You can contact:

Frank Costello
T: 402 7660
E: frank.costello@dit.ie

Mark Russell
T: 402 7661
E: mark.russell@dit.ie

Or call in any time at our office at DIT Rathmines. From September a member of the Student Retention Office will be available at your campus site once a month to meet with you and discuss any concerns you may have. Watch out for notices on the web and posters informing you of time and place.

Our web site is
http://intranet.dit.ie/research/retention/index.html

And don’t forget to check WebCT and your emails for information during the year.

Best of Luck!
STUDENT

UNHAPPY IN COURSE

**ACADEMIC/COURSE ISSUE**
- Not what was expected
- Specific subject
- Timetabling
- Subject relevance
- Academic confidence

- Financial Implications of Withdrawal:
  - Before 31st Oct: No tuition fees next year
  - 1st Nov & 31st Jan: Half tuition fees next year
  - After 1st Feb: Full tuition fees next year
Counselling Service

The following is an extract from the DIT Student Handbook that contains Information useful for DIT Staff also.

The DIT counselling service is available to all DIT students. It is staffed by counselling psychologists with an office in each of the main DIT centres. The counselling service aims to help students to identify worries, large or small that might affect academic and/or personal development.

Essentially, the counselling service provides a safe, supportive place where you can come and talk in confidence about any issue that might be troubling you – personal/social issues, relationship difficulties, managing stress, financial worries, academic problems, e.g. concentration problems, test anxiety, etc. You can also talk to a counsellor in confidence about matters such as eating disorders, bereavement, sexual identity, alcohol issues, etc.

Recognising that you need to talk to someone is not a sign of weakness, nor is it abnormal to go to a counsellor for help. It is just an indication that you have become aware of a need to gain another perspective, and that a counsellor can help you to help yourself.

It is very important to seek help early when difficulties arise in order to prevent them affecting your study or preparation for examinations.

Besides individual counselling the service offers a variety of other services that include:

Learning Skills Services
The learning skills component of the counselling service offers assistance in many skill areas necessary for academic progress, such as note-taking, time management and examination techniques. The academic demands of your course can be very different to the demands which you faced in school so developing more sophisticated learning skills is the key to success. Students may avail of individual help in this area or participate in any of the workshops that are offered throughout the year.

Assessment Services
The counselling service can also administer a wide range of standardised tests including emotional intelligence, personality and ability tests. So if you would like a little more information about yourself, then the counselling service staff would be glad to assist you.

Special Skills Training Courses
The service offers a wide range of courses and workshops in such areas as stress management, personal development, etc. The service also runs special courses on learning and personal development for mature students and first year students. See our website for further details.
DIT Counselling Service Schedule

For appointments, please contact the secretary directly and she will allocate an appointment with the first available counsellor.

Disability and Dyslexia Advice and Support Service (DDAS)

The DDAS is committed to helping students with disabilities achieve their academic goals. The Service is also developing a service for staff with disabilities. Further information will be on our website for this resource, in due course.

If you are a aware of a student with a physical, sensory or learning disability, medical or mental health condition that impacts upon their learning, of if you require information or support on issues related to disability, we will do our best to support you.

We aim to promote awareness within the college community and provide information on the rights and values of persons with disabilities, including cultural, physical and psychological barriers which are encountered by these individuals.

The service aims to mainstream services and facilities in all service areas so that people with disabilities are treated in the same way as their peers in terms of service delivery, wherever it is possible to do so.

Our service is staffed by experienced professional workers with knowledge and expertise in access and equity issues. We work closely with academic staff, tutors, administrators and other support services.
Student Services

There are a wide range of supports available to meet the needs of students with disabilities. The level of support required will differ between students, and students with similar disabilities, as each student brings with them their own experience. Presently our staff service is in its fledgling stage, and most of our core services are directed at students, however if you are a staff member with a disability please do contact the service and we can discuss ways in which DIT can support you.

Learning Support

Students with a disability or specific learning difficulty (including dyslexia) may require support whilst studying at DIT.

This can take various forms depending upon the requirements of the individual. Examples include:

- Note taker in lectures for students who have difficulties with writing
- Reading support for visually impaired students
- Transcription worker or alternative format facilitator
- Laboratory/classroom assistant for students with disabilities
- Specialist tuition for students with dyslexia
- Extra subject specific tuition for students with disabilities
- Specialist tuition for students who are deaf
- Proof reader
- Electronic Note taker for students who are deaf and are not able to hear lectures
- Academic/Personal assistant

In addition, if there are difficulties with the content and format of the course during the academic year, or other issues which may affect academic performance, the Learning Support Officer (LSO) will liaise between students and academic staff.

Students may also make regular appointments with the LSO for specialist tuition in exam revision and answering exam questions; essay writing at 3rd level; spelling, grammar and punctuation; mindmapping and memory; study skills and time management.

Assistive Technology Service
We have two Assistive technology rooms in DIT. One is based in the library in Aungier St and one in the library in Bolton St. They are staffed by two AT officers (ATO). The ATOs assess the software and technology requirements of students and provide training in the use of these supports. The aim of the AT service is to equip students with the strategies and supports which promote independence and to encourage students to further develop skills which they can use both in their time in DIT and in later life.

Students requiring assistive technology for their individual use can apply for funding to the ‘National Access Office Fund for Students with Disabilities’.

Applications should be made through the DIT DDAS.

For further information please contact:
Assistive Technology Officer – Northside

E: stephen.long@dit.ie

Funding
What is ESF Student with Disability Fund?
Support for students with a disability is financed through the ESF Student with Disability Fund. The National Access Office on behalf of the Higher Education Authority administers these grants. This grant is not means-tested and is available to undergraduates, postgraduates studying in the third level sector.

How do I Apply?
A Needs Assessment is completed by the Learning Support Officer and Assistive Technology Officer taking into account the needs of the student and the course requirements.
Student Services

Disability Advisory System
Disability Advisors are appointed to support the work of the Disability Liaison Officer. They act as a friendly face at local level and provide appropriate support to students with disabilities. They may meet with students on an individual basis to discuss, in confidence, any difficulties or requirements. They are aware of appropriate local resources and structures. Working with the Disability Liaison Officer, they play a key role in the provision of suitable support, such as extra tutorials etc.

There are 8 Disability Advisors assigned across all DIT Faculties:

**DIT Aungier Street**  
Faculty of Business:

Why are we here?
The Admissions Office is responsible for the intake of undergraduate students – approximately 3,500 each year.

What do we do?
In order to ensure that the Institute achieves a full complement of students each year the office is involved in a wide variety of activities including:

• Schools Liaison – this involves careers exhibitions, school visits, open days and meetings with Guidance Counsellors and parents.

• Promotion – the Admissions Office is responsible for the production of the full-time prospectus, part-time course directory, the apprentice handbook and a variety of other literature and posters. Other promotional activities include open days, web site, radio programmes and advertising.

• CAO Liaison – includes providing assessment information to CAO, control of the number of offers issued during August/September, processing acceptance data, providing data for CAO Handbook, attending CAO meetings.

• DIT Liaison – involves close working relationship with Information Services, Registrations offices, Faculty
Student Services

Administrators and Directors to ensure places are filled quickly and fairly, and that correct course information is provided to applicants.

• Non-Standard Applicants – The majority of those entering undergraduate programmes each year are school-leaving students and these are known as standard applicants. However, the Admissions Office is also responsible for processing applications from a variety of non-standard applicants. These would include students with disabilities, mature applicants, EU applicants, FETAC students, previous graduates and students from disadvantaged backgrounds.

• International Students – The International Students Office is responsible for the recruitment of international students (non – EU) for undergraduate and postgraduate programmes.

• European Student Officer – is responsible for the coordination of incoming and outgoing students on European Exchange Programmes such as ERASMUS.

• Management Information – The Admissions Office provides a wide range of statistical analysis for the President, Governing Body, the Directorate, Academic Council, Faculty Administrators and a variety of committees including those involved with mature students, students with disabilities and students from disadvantaged backgrounds.

• Public Information – The Admissions Office is required to respond to a large volume of telephone enquiries, letters, faxes and e-mails from applicants regarding application procedures, programme information and offers/acceptances.

How can we help?
If you have a query relating to any of the above areas simply pick up the phone or e-mail us and your problem will be solved. Staff are available from 9:00am-12:30pm and 2:00pm-5:00pm each working day.
International Student Office

DIT's International Student Office provides information, advice and assistance to all international students, including Erasmus students, from the time of their initial enquiry and throughout their studies with DIT. The staff at the International Student Office is available to meet with students at the International Student Office from Monday to Friday from 10.00 a.m. to 12.00 p.m. and from 2.00 p.m. to 4.00 p.m. Students may also contact the International Student Office through email at international@dit.ie

The International Student Office also has the following responsibilities:

• Processing applications from international (non-EU) applicants
• Providing Induction Programmes to new international students
• Liaising with Overseas Agents, Embassies, Government Departments, Enterprise Ireland, International Education Board of Ireland, and other relevant bodies in relation to DIT's International Student activities
• Liaising with the Department of Foreign Affairs and the Department of Justice, Equality and Law reform in relation to applications for international student visas

• Providing supporting documentation for non-EU students applying for/renewing their student visa, applying for a bank account, applying for private medical insurance claims, applying for a PPS number, and registering with the Garda National Immigration Bureau
• Establishing and managing records and compiling data for internal and external reports, including the Department of Education and Science’s Internationalisation Register
• Producing promotional materials, including website, to attract high calibre international students to the Institute
• Liaising with and providing services to overseas educational agents in relation to the recruitment of international students
• Administering all European Programmes in terms of the EU’s Lifelong Learning Programme
• Ensuring that the Institute complies with the HEA’s financial and academic regulations and commitments under the European Charter for Student Exchanges, including mobility grants, bilateral agreements, learning agreements, transcripts and ECTS credits
• Participating in Student Higher Education Fair internationally and nationally

4th Floor: Computer Labs; Lecture Rooms; Lecture Theatre; Multi Media Centre; Newsroom

5th Floor: Lecture Theatre.

Fire Assembly Points
In the case of an emergency, the building may have to be evacuated. Emergency Exit Routes and Fire Fighting Equipment are located on all floors. If a fire alarm rings ALL students must leave the building via stairs or fire escape. Please make your way from the main campus building and go to the following Assembly Points:
• Bishop Street Flats Carpark
• Peter Street.

In the event of an evacuation DO NOT use the lifts.

**Examination Information**

All students are required to complete an examination entry form to enter for college and other examinations. All examination entry forms must be lodged with the Examinations Office before a specified closing date that will be displayed on the Examinations Notice board from October in the front hall of the main Kevin Street building and in various other locations. It is the student’s responsibility to ensure that they make themselves aware of this date. When lodging your examination entry form you will be required to present your current student ID card. Applications to sit examinations received after official closing date (end January) will be liable for late entry fees and only those who have completed the application process will be allowed to sit examinations. If your address changes after you have submitted an examination entry form, please inform this office, as your new address will be required for notification of timetables/results and/or conferring. Copies of past examination papers, at a cost of €3.00 per set, will be available from the Accounts Office on Wednesday and Friday mornings. Transcripts of results are available from the Examinations Office for a fee of €13. Enquiries and information on the conferring ceremony are also dealt with by the Examinations Office. You are advised to check all information displayed on the Examination Notice board regularly. Examination timetables, Provisional Results Lists and room allocations for examination sitting will be displayed on these notice boards.

**Student Lockers**

Lockers are available on payment of €20.00 to the Accounts office. €10.00 refundable (at the end of the academic session) on production of original receipt, lock and key. Further details are available from the Accounts Office. Replacement ID Cards are available at a cost of €10.00 from the Registrations office. Bicycle lock keys/swipe cards are available at a cost of €6.00. A refund of €3.00 is given on return of key.

**Head Porter**

Location: Main Entrance front desk
Personnel: Mr. Ronnie Snow
T: 402 4625

**Building Maintenance Manager**

Mr. Paul McDunphy
T: 402 4646

**Fire Assembly Points**

Fire Assembly Points are located outside the front gate of Kevin Street and outside the back gate of Camden Row.

**Cafeteria**

Location: Ground floor (new building)
Opening Hours: Monday – Friday
09.00 – 19.00
Lunch: 12.00 – 14.00
Dinner: 17.00 – 18.15
Faculties and Campus

Snackery
Opening hours: 8.30-20.00
Facilities: Tea, coffee, confectionery, sandwiches, etc.
Personnel: Ms Mary Roche Manager.
Please note: A self-clear system operates in the cafeteria, please clear your table after use. The canteen is a non-smoking area.

Location: Basement
Opening hours: Monday 13.00-14.00
Tuesday-Friday 11.00-14.30

Mature Students
Activities are organised throughout the year. See the Notice board or
Contact: John Fox, School of Chemistry
T: 402 4948

Sports Facilities
A wide range of sports facilities are available in the Kevin Street campus, including a gym and a swimming pool.
Location: Room 153 (1st floor, Old Building)

Optometry School

The National Optometry Centre (NOC) is part of the Department of Optometry in the Faculty of Science, Dublin Institute of Technology, Kevin Street, Dublin 8. It is a purpose built state-of-the-art centre for the advanced training of optometry students and is the only such facility of its kind in the country.

Photocopying
Location: New Building 2nd floor – Library.
Photocopying cards are available from dispensing machine – Snackery, Games Room, S.U. Shop.

Lost Property
Locations: Students’ Union, Christy in Games Room, Porter’s Desk. Student cards are usually returned to Registrations Office.
Fire Safety
An evacuation of the College building is signalled by the continuous sounding of the alarm sirens. On hearing this signal, students must obey the following instructions:
• Leave the area without delay
• Obey the instructions of staff
• Proceed quietly and without panic to the nearest clear exit
• Do not use lifts
• Report to either assembly point A at the front of the College or assembly point B at the rear of the College.

Students should familiarise themselves with the location of the escape routes, break glass units and assembly points. Please check the notice boards for other events and information.

Senior Staff Officer: Mr John Shaughnessy
T: 402 4129 F: 402 4299

If your address changes after you have registered, please inform this office, as your new address will be required, for notification of results and/or conferring invitation. Copies of past exam papers are available on the Library Web Catalogue. Exam time-tables, pass lists and room allocations for exam sittings will be displayed on Notice-boards. Transcripts of results are available from the Exams Office and a fee of €15.00 for administration costs is required. You are advised to check all information displayed on the Exams Notice-board regularly (located in Main Corridor, Ground Floor). The Examinations office also deals with enquiries and information on the conferring ceremony. Details of Higher Education Grant cheques available for collection are displayed on the notice boards on the ground floor. Replacement cards at a cost €10 are also available from the Registrations Office.
Faculties and Campus

Campus Life Services
